Dear Commissioner,

The Nyora School Council is gravely concerned that it appears likely that the proposed provision a sewerage facilities for Nyora, Loch and Poowong will be delayed and or removed from the South Gippsland Water 2013 – 2018 Water Plan. Our families and students deserve to come to school and enjoy a healthy and safe environment. The continued existence of unhealthy, smelly open drains is very concerning to our school community. We believe that even if there is some additional cost burden incurred now, a delay would only see costs rise further in the future. Our community has waited long enough!

Yours Faithfully

Shona Lynch

President

Nyora Primary School Council

Mick Hussey

Principal

Nyora Primary School
