To Whom it May Concern
Went to do your Water Price Review and
Found too many requirements. So I
will
give you my feedback here.
Like with all the other utilities, Gas,
Electricity, WATER, Council Rates, Car
Registration, Insurance Car & House
,Food, Petrol, Postage and anything
else
you can think of, EVERYTHING are
becoming LUXURY ITEMS.
Prices for all of the above are just
plain & simply GETTING OUT OF CONTROL
they
are all TOO EXPENSIVE especially for
the Elderly (Read Pensioners). It is
HIGH TIME an organisation such as ESC
did something to Bring Prices Down for
a
change. The ACCC are useless and DO
NOTHING TO HELP CONSUMERS,!!
Thank You,
Gordon Meyers. [REDACTED]
