Dear Mr Fitts

Re: Supplementary Submission - Pricing Proposal for Patterson Lakes Special Drainage Area

This is a supplementary submission from the City of Kingston. In addition to the comments in our initial submission, the Essential Services Commission may be interested to know that the City of Kingston is working closely with Melbourne Water and residents as part of the Steering Group that is overseeing the implementation of the Patterson Lakes Review. Unfortunately Parks Victoria has decided not to be part of the Steering Committee.

The City of Kingston remains committed to working through that process and Council will be considering its response to the recommendations of the review. Until Council has considered the options available to it, it is not possible to advise Council's final position on the recommendations.

Yours sincerely

A handwritten signature in black ink, appearing to read 'P. Franklin', with a horizontal line extending to the right.
